

Impact and Learning Report

Bridging Divides / Investing in Londoners

Mid-project

Grant summary

City Bridge Trust asks all funded organisations for a progress report at the end of each year of funding to outline how the grant has been used, what has been learnt and the difference the grant has made. We read everything you write and learn from it to shape our work across London and to understand how we can best work with and support the organisations we fund.

COVID19: We have created this shortened form in recognition of the demands on our funded organisations in these challenging times. If you are unable to complete this form or answer all the questions please email your Funding Manager directly so we can work out how we can best support you. We want to be as helpful as possible so you can focus on the vital work of supporting some of the most vulnerable people in our communities.

There is no word count, but we wouldn't expect any more than a couple of paragraphs.

We understand that due to COVID19 things are changing daily and organisations are having to be more flexible than ever. CBT is committed to being flexible and supportive.
